

THE NEWS FROM THE OLD NORTH STATE AND ITS CAPITAL.

N. C. POPULIST'S SHOW THEIR HAND.

They Make a Trade Arrangement With the Republicans.

DEMOCRATIC HEADQUARTERS

The Campaign For White Supremacy will be conducted from Raleigh—Appointments to be made by Congressman McIntyre—White Republicans do not want Negro Congressman White Renominated—Here and There.

Raleigh, N. C., Apr. 21.—The Populists have shown their hands. Republicans, whose accuracy may be relied on, tell me that during the progress of the Populist State Convention Wednesday they were told by Populists that the latter expected Republicans to vote for their ticket, and that they would repay the Republicans for this by voting for McKinley. Many of the Populists are really Republicans. They expect to get places. They care nothing about Bryan. It must be borne in mind that when Harry Skinner cried out to the Convention, "Do you want Bryan?" the first answer which always came was "No."

The Populists and the Republicans know they cannot do anything in the east this year. They will try to do their work in it deprived completely of courts for even pose is to get the Legislature, and if they cannot get a majority, to get as near it as possible.

DEMOCRATIC HEADQUARTERS.

Democratic headquarters were opened in this city to-day.

The headquarters are at the Carrolton Hotel, the same rooms as occupied during the campaign of 1898, having been secured by State Chairman Simmons. The headquarters are on the first floor with entrance at the north-western end of the hotel.

Mr. E. M. DeLoach, of New Bern, the Secretary of the State Executive Committee, arrived in the city yesterday, and will be here during the campaign, assisting Chairman Simmons in every way possible. Mr. DeLoach rendered valuable service in the campaign of 1898, being located at headquarters throughout the greater part of that memorable campaign. His ability and training for this work, which prompted Chairman Simmons to secure his services in 1898, made him the natural choice for the position of Secretary when former Secretary Thompson announced that he would no longer be able to serve in that capacity. Mr. DeLoach is a talented and pleasant gentleman, and he has many warm friends in Raleigh, who are glad to welcome him to the Capital City, even though his residence here will be only temporary.

APPOINTMENTS TO MAKE.

Congressman Theodore F. Klutz has two appointments to make this June: one for the cadetship at the United States Naval Academy, the other the cadetship at the United States Military Academy. Examination of the candidates for these cadetships will be held at Salisbury, May 12th, and will be conducted by Prof. Charles L. Love, of Salisbury, D. Matt. Thompson, of Statesville, and J. W. Lenz, of Concord. There will be twenty-five or thirty contestants for each place.

DON'T WANT WHITE.

Major H. L. Grant, the Clerk of the United States District Court, returned yesterday from a stay of two weeks at his home in Goldsboro, where he has been supervising the reconstruction of his brick plant which was destroyed by fire some two weeks ago.

Speaking of politics, Major Grant stated that he did not believe the Republicans of the Second district would renominate George H. White for Congress. "If nominated I will not vote for him," Major Grant declared.

It is understood that Dan Patrick, ex-President of the Atlantic and North Carolina Railroad, will be a candidate for the nomination at the hands of the in the Second district. White is making a great effort to secure his renomination. If defeated for the nomination, it is said, he will run as an independent, expecting the solid negro vote to stand by him.

BRIEF MENTION.

Dr. Jno. F. Crowell, at one time President of Trinity College, is Expert Agent to the Industrial Commission, which has been for some time past collecting evidence on the industrial and economic condition of the country. Dr. Crowell is deeply versed in social economy, and is well qualified to assist the Commission in its investigations.

Capt. C. B. Denson left yesterday on a trip East, in connection with the fair to be held here next fall. Capt. Denson says that he is meeting with great encouragement in his work for the fair and that numbers of parties have made application for space for exhibits.

The State Dental Society will hold its next annual meeting in this city May 9th, 10th and 11th. The Executive Committee of the Republicans of the Fifth district will hold their Congressional Convention in this city on May 29th.

Ex-Judge Spencer B. Adams, D. A. Long, of Alamance; J. R. Joyce and J. F. Wray, of Reidsville, are spoken of as possible candidates.

EDENTON.

(Special to Virginian-Pilot.) Edenton, N. C., April 22.—Mr. Joseph Northcott is on the sick list. Mrs. Righton has improved the appearance of her property on Court street.

Our fishermen have caught all the herring they could manage this week, and the price remains firm, but the shad they catch sell for but very little in the Northern markets, owing to the large quantity shipped there. Mrs. J. W. Banding has been on a visit to relatives up North for the past week.

Miss Cropper, of Suffolk, has been the guest of friends here this week. The fish hatchery has a large force of hands at work now.

Mrs. B. W. Hathaway, of Merry Hill, is in Edenton this morning.

THE CITY OF PARIS.

Some Things that Will Interest Exposition Visitors.

Paris is not the noisiest of continental cities, but it is not especially quiet. The whole place, except in the aristocratic quarters, seems to be wide-awake and much alive in early morning; street cries are especially noticeable as the hawkers ply their busy trade. But though the traffic in Paris is noisier, it is not dense. Yet it appears more bewildering to the foot passengers in Paris, because of the want of order. The Parisian police, or gardiens de la paix, are not nearly so much in evidence as our policemen. The coachmen in Paris seem to drive where they please, and if a policeman held up the driver of a public vehicle would pay much attention to his warning; they sometimes do rather timidly hold up batons; it is, therefore, necessary to be careful in the more crowded places in crossing the streets; a little Victorian skin past in such happy, lucky fashion that the wonder is there are not more frequent accidents.

In Paris the modern fashionable quarter for dwelling houses lies in the Chaussee d'Antin and west of the Madeleine near the Elysee and the Champs Elysees, the district of the Faubourg St. Honore; the old aristocracy chiefly inhabit the Faubourg St. Germain, south of the Seine, opposite the Tuilleries and its gardens; the famous Quarter Latin, the resort of students and art workers, lies east of the Faubourg St. Germain; this is the heart of Paris; here are the universities, most of the colleges, schools and scientific institutions, and for centuries this has been regarded as the students' quarter. Behind the Church of the Sorbonne is the Lycée Louis le Grand, founded in 1563 by Francis I. and rebuilt by the Jesuits in 1663. Close by, on the Place du Pantheon, is the Lycée Henri Quatre, with its ancient though restored tower; this formed part of the old abbey of St. Genevieve; the ancient refectory is now used as the chapel of the Lycée.

North of the river, and to the east of the Place de la Bastille, the Faubourg St. Antoine is the artisan quarter, where the chief part of the working people dwell. Here are found cabinet-makers, wood-carvers, carpenters, all the useful trades; and in revolutionary times the outbreak has usually proceeded from or been fomented in this quarter. There is a most interesting museum, the Musée Carnavalet, a beautiful building begun early in the sixteenth century and finished a hundred years later. It stands in the Rue de la Harpe, a street leading on the left from the Rue de Rivoli, just where that street changes its name to Rue St. Antoine. The Musée Carnavalet was the town residence of Mme. de Sevigne from 1677 to 1696. It is now a municipal museum, and contains objects relating to the history of Paris from early down to recent times. Various objects here have connection with or illustrate the revolution of 1789, 1830 and 1848. Some of the sculpture on the building is the work of the famous Jean Goujon, 1520-1572.

PROMINENT EDITOR RELIEVED BY PERUNA.

HON. HOBART BROOKS, OF WASHINGTON, D. C.

Hon. Hobart Brooks, editor and owner of the Washington "Capital," 1903 Pennsylvania Avenue, N. W., Washington, D. C., in a recent letter to Dr. Hartman says:

Dear Sir—It is with great pleasure that I can testify as to the merits of Peruna. After suffering over a year with catarrh I began taking Peruna. I took one bottle, and so great was the effect that I rapidly recovered and am now enjoying good health. To all who suffer from debility of any kind I recommend Peruna as a most valuable tonic.

Hobart Brooks.

Prof. J. F. Turner, Edgelyield, Tenn.

Prof. J. F. Turner, Principal H. B. High school, Edgelyield, Tenn., in a recent letter says: "I suffered for nine years with catarrh, and after trying several remedies I gave up, and concluded that there was no cure for me. I noticed so many testimonials from prominent men relative to Peruna that I concluded to try one bottle, little expecting any help. I had grown rather to believe that all catarrh cures were nothing but frauds, but your remedy Peruna is the greatest panacea to-day

for those suffering with catarrh. I do not hesitate to recommend it. Before I had used one bottle I noticed a great change in myself, and four bottles cured me entirely. I would not be without Peruna for any consideration.

The reason so many people get chronic catarrh is, the disease gets firmly established before it is recognized. They fool themselves by calling it some other name than its proper one—catarrh. When people get acute catarrh they call it a cold. If they have acute nasal catarrh it is called coryza. Endemic catarrh they call influenza, and epidemic catarrh they name la grippe. When the catarrh reaches the throat it is called tonsillitis, or laryngitis. Catarrh of the bronchial tubes is called bronchitis; catarrh of the lungs consumption. Any internal remedy that will cure catarrh in one location will cure it in any other location. This is why Peruna has become so justly famous in the cure of catarrhal diseases. It cures catarrh wherever located. Its cures remain. Peruna does not palliate; it cures.

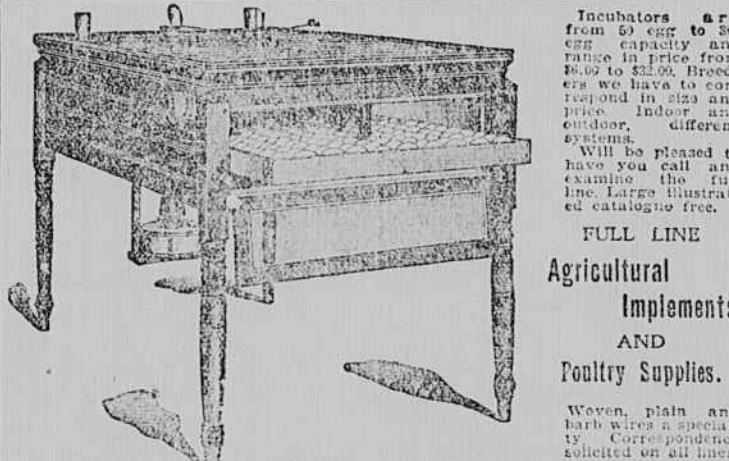

Mr. W. B. Stucky, Glenster, O., writes: "I was afflicted with hereditary catarrh, and grew worse as I grew older, until my whole system seemed affected. After trying many doctors and different positive (?) cures, I had almost given up hope, when I was induced to try Peruna. After trying one bottle I felt a general strengthening of my system and after a few months' use of Peruna I was cured. That was two years ago. I use Peruna every spring, so as to get my system in good shape for the summer."

I am a dentist, as you know, and have been troubled with severe headaches for about five years. I was treated by many physicians and relieved temporarily only. I saw Ripans Tabules advertised in the Philadelphia Record, and tried them. I have had no headaches since I commenced taking them, and feel much more able to do my work at the chair. I started to take the Tabules on Friday, October 22, 1897, and have taken two a day ever since.

A new style pocket containing TEN REPAIR TABLETS in a paper carton (without glass) is now for sale at some drug stores. These tablets are intended for the use of the mechanic. THIRTY-ONE LOTS SOLD WITHIN LAST TEN DAYS IS THE RECORD OF PORT NORFOLK INVESTMENT COMPANY.

Why not join the throng and share in the benefits arising from the quick and permanent growth of this beautiful suburb?

What are YOU waiting for? Do you want to wait until prices are advanced? Lots that sold at \$200 now bring \$225. Lots that sold for \$100 now sell for \$125. Are you waiting until others have selected the choice lots? If so, every day you wait reduces the number left from which you have to select. "Procrastination is the thief of time," and "time is money" when it comes to making a profitable investment in a growing suburb. Some people think the good things are far from home, and that one must go a long way to find them. The fact is, that we have right here at our door advantages superior to any other that can be found on the continent. People from other sections are coming here to appropriate them, and are turning into gold the opportunities which have beneficently been placed at our threshold. We are fast becoming a great and influential city, growing in wealth, population and industries. Thousands of persons are settling here annually, helping to swell our volume of trade and commerce. The old boundary lines of the city are ever widening, gravitating toward Port Norfolk. Real estate is increasing, and destined to forever increase in value. Opportunities for cheap property within the bounds of city convenience will soon be a thing of the past. Doubt, hesitation and delay never accomplished anything. "Our doubts are traitors, which make us fall the good we oft might win by failing to attempt." Emerson said, "while you are considering what beck your son should read, your neighbor's son has read both," while you are waiting to see if our expectations of building up Port Norfolk will be fulfilled, the work is being accomplished. Notice the new houses, built year by year, all of which are occupied. We are now on the highway to greater achievements than have hitherto been thought of, and the coming years will see Port Norfolk the very heart and centre of a marvelous thrifty business community. Now is the time to lay the solid foundation for future wealth, by making a substantial investment in Port Norfolk lots.

We still offer a few lots on the installment plan, \$10 cash and \$10 per month. Fourteen new houses already contracted for. More than 100 lots sold. Do not miss this opportunity.
